25 February 2014

Dear colleagues

As you are aware we have been working in the last year on both the minimum standards document for vision of continence services and also a constitution for UKCS.

Both of these documents are been uploaded onto the UKCS website and I would be grateful if you could go onto the website and review the documents. If there are any comments that you would like to make could you please direct them to me and I will re-direct to the appropriate people looking after the documents. We do plan to discuss these at the AGM and I hope that the discussion will be relatively straightforward as any points that need to be made should have been made prior to the meeting.

Kind regards

Phil Toozs-Hobson
