

SmartScale - Aros - SmartFlow

Wireless flowmeters

- ▶ Non Invasive Diagnostics.
- ▶ Several solutions for different needs.

SmartScale - PC Flow

The wireless Flowmeter with PC and network integration

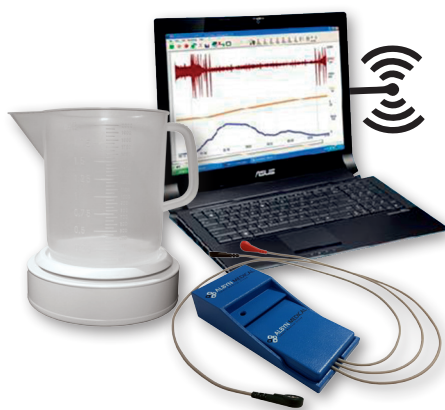

Advantages of the SmartScale

- ▶ Wireless – easy to use and clean
- ▶ Fully automatic.
- ▶ Excellent measurement quality.
- ▶ Fixed or variable scale.
- ▶ Automatic analysis including Liverpool, Siroky and paediatric nomograms.
- ▶ Easy to use software with SQL database.
- ▶ High security level for data protection.
- ▶ Hygienic - designed to prevent overflow and splashes.
- ▶ Robust and durable.

Aros

SmartFlow - Printer Flow

The "classic approach" with wireless design and unique extras

Advantages of the SmartFlow:

- ▶ Wireless, portable and easy to use.
- ▶ Touch screen control.
- ▶ High measurement quality especially in small flows
- ▶ Fully automatic, power-safe mode, Auto-zero, Auto-start, Auto-stop, Auto-print.
- ▶ Fast printing (80mm thermal paper).
- ▶ Automatic analysis and measurements.
- ▶ Data security, stores the latest 4 studies within internal memory to allow re-printing.
- ▶ Hygienic - designed to prevent overflow and splashes.
- ▶ Optional: wall mounted.
- ▶ Optional: PC link allows studies to be saved into an SQL database allowing integration with the hospital information system.
