

2nd Evidence Based Urogynaecology Meeting

15th -16th October 2015
Birmingham UK

Invitation

Dear Colleague

It gives me great pleasure to invite you to the Second Evidence Based Urogynaecology Meeting in Birmingham UK, one of England's great cities renowned for innovation.

This meeting was first hosted by Don Wilson in 2011 in New Zealand. We hope that this meeting will be as successful, if a little less dramatic than the meeting in New Zealand where the earthquake in Christchurch meant rearranging the venue at short notice.

As before the meeting represents the opportunity to hear from a faculty of world renowned experts and how they interact with Urogynaecology and Pelvic Floor Medicine. We hope that

you take the opportunity to join us in what is designed to be a small and interactive meeting and providing an excellent opportunity to discuss topics with the faculty drawn from all 4 corners of the globe.

The numbers will be limited and sessions informal. We have set the registration fee very low so participants can allocate funds to travel.

Please read on and I hope to welcome you to Birmingham later in the year.

Yours sincerely
Phil Tooze-Hobson
Co-Chair

Venue

The Austin Centre, 80 Cambridge Street, Birmingham, B1 2NP, UK.

Originally called the Kingston Buildings, IET Birmingham: Austin Court was renamed in honour of Herbert Austin, later Lord Austin of Longbridge, the pioneering Midlands car manufacturer. Situated canal-side in the heart of Birmingham's industrial heritage, the main junction of Birmingham's canal system is located nearby, giving us that much-loved waterside ambiance.
